TUTT'S PILLS!

INTRODUCED 1853.

A TORPID LIVER

Is the fruitful source of many diseases, prominent among which are DYSPEPSIA, SICK HEADACHE, COITIVENESS, DYSENTERY, BILIOUS FEVER, AGUE AND FEVER, JAUNDICE, PILES, RHEUMATISM, KIDNEY COMPLAINT, COLIC, &c.

Symptoms of a Torpid Liver.

Loss of Appetite and Nausea, the bowels are costive, but sometimes alternate with looseness. Pain in the Head, accompanied with dull sensation in the back part. Pain in the right side and under the shoulder blade, increases after eating, with a distention to exertion of body or mind. Irritability of Temper, low spirits, Loss of Memory, with a feeling of having neglected some duty. General Weakness, Dizziness, Fluttering at the Heart, Dots before the eyes. Yellow skin. Headache generally over the right eye. Head-aches at night with dull dreams, highly colored Urine. IF THESE MARKS are observed, serious disease will soon be developed.

TUTT'S PILLS

Are especially adapted to such cases. A single dose effects such a change of feeling as to astonish the sufferer.

TUTT'S PILLS

Are compounded from substances that are free from any properties that can injure the most delicate organization. They Search, Cleanse, Purify and invigorate the Entire System. By relieving the engorged liver, they cleanse the blood from poisonous humors, and thus impart health and vitality to the body, causing the bowels to act naturally, without which no one can feel well.

A NOTED DIVINE SAYS:

Dr. Tutt—Dear Sir: For ten years I have been a martyr to Dyspepsia, Constipation and Piles. Last Spring your Pills were recommended to me; I used them (but with little faith) I am now a well man, have a good appetite, digest perfectly, regular stools, piles gone, and I give you their weight in gold.

Rev. B. L. SIMPSON, Louisville, Ky.

TUTT'S PILLS.

Their first effect is to increase the appetite, and cause the body to take on flesh, thus the system is nourished and by their tonic action on the Digestive Organs, regular stools are produced. DR. J. P. HAYWARD, OF NEW YORK.

SAYS:—

"Few diseases exist that cannot be relieved by restoring the liver to its normal functions, and for this purpose no remedy has ever been invented that has so happy an effect as TUTT'S PILLS."

How We Talk.

Let us men go to "Congress," as we say, and he will soon find that he is amid a variety of dialects. The House of Representatives assembles its members from every part of the Union, and although many of the members are sufficiently educated and traveled to have shed many of their peculiarities of speech, there will still be found abundant opportunity to study our dialects. Many will betray their "nativity," as Connecticut men will, at the first opening of their lips. It may only be a cry of "Order!" or "Speaker," or it may only be an allusion to "the good man from New York" or "the gentleman from Virginia"—it is enough. In a casual looking in on the State I have heard as characters in New England are to be found in "Sam Slick," and as choice specimens of Tennessee eloquence are to be found in the pages of that "Dry Breckin," some years ago it was said that Mr. Chambers, of Pennsylvania, was so vexed at the pronunciation given his name by the clerk of the House that he at length refused to answer it. The Clerk was a Virginian and persisted in calling "James Chambers!" James Chambers!

A more important variety of our speech is that which is of Scotch-Irish origin. The dialect of Pennsylvania is purely Scotch-Irish. This is the more remarkable when we remember that the settlers of Pennsylvania were largely of the mass of English Quakers, and that subsequently the Germans have even in almost overwhelming force. From Eastern Pennsylvania the Scotch-Irish spread a road, going up the Cumberland Valley into Virginia, and crossing the Alleghenies both in Pennsylvania and Virginia. Their dialect is broadly defined, but against the people of New York
